## Concepts of Meaning: Framing an Integrated Theory of Linguistic Behavior (Philosophical Studies Series)

This volume includes contributions from well-known philosophers of language and semanticists. It is a useful collection for students in philosophy of language, semantics and epistemology. It discusses new research in semantics, theory of truth, philosophy of language and theory of communication from a trans-disciplinary perspective and addresses issues such as sentence meaning, utterance meaning, speaker's intention and reference, linguistic context, circumstances and background theories.
