Description

A frightening and true insight into the inability of our Legal Establishment to understand and acknowledge mental health issues and the effects of prescribed psychoactive drugs. A solicitor is doped up by prescribed drugs, then rendered confused and suicidal and robbed and deceived. The Legal Establishment vilify him to the public, even when unanimously acquitted - they take his home and career, income and capital, and repeat the false allegations, covering the truth with a press-gag. The man - and it could be you - entrusts his safety and future to lawyers who had spent 35 million of public money seeking redress for thousands of other who had claimed the same - their lives have been forever ruined by these drugs. That claim was so conducted it was never heard. Supported by all experts the same lawyers advise there is no claim and put him on the scrap-heap of life. Is there something sinister afoot? You read and judge - and vote. He fights back, only to find that the law is very much a closed shop. The reader is given a fascinating insight to the real workings of out Legal Establishment - to the very top in the House of Lords. Finally, you are given something judges and lawyers have always denied each of us - the right to judge lawyers and their system and the judges who protect them.
