Review Questions for Phlebotomy S.A. Taylor

This is a large-format review text with approximately 400 questions and full-paragraph answers for the American Society of Clinical Pathologists Phlebotomy Technician Examination. The book is in nine sections covering phlebotomy techniques, equipment, specimen processing and handling, laboratory operations, and the basic anatomy and physiology required for the Phlebotomy Technician examination. Each section opens with a topical review, followed by the questions and answers for that section.
