Seeds for the Soul Yvonne G Williams

Seeds for the Soul is a compilation of over 100 inspirational and thought provoking reflections of life principles that will serve to be a catalyst for inner transformation. For example, you make wake one morning filled with gloom and during your quiet time discover that, "Laughter is a healer and it is free!" I love these little books of jewels, don't you? A single verse like that one stays with me much longer than a long sermon. Less tends to be more in light of words and the proper combination of them can stay with us for a lifetime. That is my hope for Seeds for the Soul; that you experience growth in at least one area of your life as a result of one of the seeds in this book. Scientifically, once a seed is planted in fertile ground, it dies before it begins the sun, rain, and soil nutrients cause it to grow. So at first. You might not see any results. But keep watering them. During some point in your life, when you least expect it, those words will reappear and you may have an "ahah" moment when you "get it". That's how seeds work. It's miraculous!
