A sheltered teenager had a comfortable life in a high rise condo, until his curiosity got him into serious trouble. His family paid the price. Now, he's on the run with his two best friends, and a group of rebels. The mega-corp will spare no expense to silence him. With what he knows, he could set off a chain of events that will have dramatic repercussions for the entire world. But somehow, in this chaotic mess, nascent romance struggles to grow and survive. Will he run and hide behind the pomp and wealth of his former life, or will he boldly go forward and forge his own destiny? Will he survive? Will his friends?
