Too many Series 63 exam candidates go to the testing center expecting to simply recognize a few vocabulary terms when, in fact, passing your test requires you to work with the information at a much deeper level. That's why we explain things in a way you'll both understand and remember at the testing center. It takes more work on our end, but we feel our job is to make things easier on your end. We also take what you learn in the pages of this Series 63 exam study guide to a higher level by presenting you with over 450 challenging questions in our test bank. However, our sample questions are not designed to merely trick you--which most people find discouraging and confusing at best. Rather, our Series 63 sample questions are designed to help you learn the information as you improve your ability to eliminate the incorrect answer choices you will see when taking the Series 63 exam. Be sure to keep a notebook filled with all that you learn from working the questions and reading the helpful explanations that follow. For an extra edge, try writing your own variations of practice questions in this same notebook, something our tutoring clients have found extremely helpful. Finally, go to www.examzone.com to take the Go / No Go Exams to see if you are really ready to take your 63. Pass the 63™ is your guide to a passing score on the Series 63 exam. This textbook is at the same time in-depth and easy to read. We don't skimp on the details found on the NASAA outline. Rather, we skimp on the filler found in many of the more tedious license exam manuals on the market.
