It's time to learn the truth about what happened that day in The Cellar.

Taryn and Thanos are the formidable Ambassadors of House Orion. Taryn was born into power, bred from birth to lead the people of Greece along with his sister Theresa, Thanos was never a part of his mothers' plan. The son of a fisherman was not a suitable match for the son of Greece as far as their mothers' were concerned, but Taryn usually gets his way.

The Cellar is the story of how these two men met and fell in love, and what lengths Taryn went to, to ensure he kept his man. This novella also contains a more detailed accounting of what happened the night Raven and Tanis went for a walk on the beach, and the adult version of Mistletoe and Mayhem that was initially released as a free short through goodreads.

The Cellar is the second novella in the Opposites series, the series should be read in order.

** Warning, Opposites is an Adult Dystopian majorly M/M series that contains explicit sexual content and relationships between gay, straight and lesbian couples. However, The Cellar is strictly an MM novella **
