**20,000 years into our future Ticca, a young female mercenary out to prove her worth and Lebuin, a new wizard seeking powerful magics to become a master wizard are in over their heads.**

Ticca and Lebuin escaped the traps set for them and became directly involved in the five thousand year conflict that spans the past *and future* being fought by nations, guilds, and gods. They thought they'd escaped notice, until the Nhia-Samri mercenary nation starts sending death squads after them, and what they uncover shatters everyone's understanding of reality.

To survive, Ticca and Lebuin must piece together the clues left by a dead time traveling mage and find a way to stop the shadowy Nhia-Samri mercenaries from destroying the alliance kingdoms. Events spiral out of control as they discover shocking truths about their attackers, themselves, and how time itself has been manipulated. Joined by unexpected allies, they must play the deadly games in a race for forbidden knowledge, hoping to prevent the coming war.

With legendary powers awakening, manipulated histories discovered, advanced technology escaping government efforts to suppress it, wizards magically altering reality, and gods annoyingly pushing people around without explaining a thing, *Thread Strands* is the exciting continuation of the Golden Threads Trilogy.

*Thread Strands* is the second book in an epic fantasy/speculative sci-fi trilogy set in a distant future. If you like heroic, humorous, and exotic characters in a world that mixes elements of paranormal and hard sci-fi, then you'll love this beautiful, original, and thought-provoking adventure.
