## Sometimes breaking the rules is the only way...

Forced out of the Royal High Council of Witches and shunned by her family for mating Julian, a wolf shifter, Ember is given an ultimatum: leave Sweet Briar Hollow, or her whole family pays the ultimate price for her sins.

She should have let them take their magickal powers.

Almost a year later, Ember is back and no amount of magick or law will stop the once sweet and calm witch from reclaiming her mate. With a plan in place and a devil-may-care take on the world, only one thing can stop her. Julian. Armed with a drop of dragon's blood and an illegal truth spell, Ember has until the stroke of midnight on the winter solstice to mend their bond and forge a new future with her shifter. But when the truth comes to light can he forgive her for leaving him? Or will her spell cast them farther apart?

Just one little problem with her charm she didn't count on... a very pissed off and lusty half-naked alpha shifter and the full moon.

Not what she expected. Honestly. Well, maybe she did. Either way, if her truth spell turned and bit her in the rump, she'd need more than her magick to help her win back her alpha. All's fair in the world of magick and love.

**\*\*Can be read as a stand-alone, no cliffhangers.\*\***
