## **Blindness / Seeing** José Saramago

In *Blindness*, a city is overcome by an epidemic of blindness that spares only one woman. She becomes a guide for a group of seven strangers and serves as the eyes and ears for the reader in this profound parable of loss and disorientation. We return to the city years later in Saramago's *Seeing*, a satirical commentary on government in general and democracy in particular. Together here for the first time, this beautiful edition will be a welcome addition to the library of any Saramago fan.
