Inspired Homes: Architecture for Changing Times Avi Friedman

1. A timely, thought-provoking, and highly informative book on architectural designs that meet the need for a new ethical and sustainable approach to architecture
2. ***Innovative Homes*** addresses a growing demand for books on houses that are smaller in scale, have less impact on the land, and utilise eco-friendly technology and materials

Written by a world expert in the field, ***Innovative Homes*** offers information on contemporary design concepts and illustrates them with examples of truly outstanding designs. Current modes of dwelling design are facing challenges of both philosophy and form. Approaches that have prevailed in past decades no longer sustain new demands and require innovative rethinking. The need for a new outlook is propelled by fundamental changes to the environment, economy, and society.

Design for passive solar gain, solar-powered homes, minimizing a dwelling's physical footprint, Net-Zero residences, and preserving a site's natural assets are some of the strategies that the architects and builders featured in this book are integrating into their thought processes and design practices.
