Nothing to Hide (A Roland March Mystery Book #3) J. Mark Bertrand

A grisly homicide. An international threat.

The stakes have never been higher for

Detective Roland March.

The victim's head is missing, but what intrigues Detective Roland March is the hand. The pointing finger must be a clue--but to what? According to the FBI, the dead man was an undercover asset tracking the flow of illegal arms to the Mexican cartels. To protect the operation, they want March to play along with the cover story. With a little digging, though, he discovers the Feds are lying. And they're not the only ones.

In an upside-down world of paranoia and conspiracy, March finds himself dogged by injury and haunted by a tragic failure. Forced to take justice into his own hands, his twisting investigation leads him into the very heart of darkness, leaving March with nothing to lose--and nothing to hide.

"Plot-driven and suspenseful, with well-developed characters, this should appeal to readers of Terri Blackstock." -- *Library Journal*
