*'Well Callum,' she looked very nervous. 'I've been very broody for a very long time. When we found out that I was infertile, it was tremendously difficult for us. In the end, we realized we might be able to adopt, either officially, or,' and she looked at me with something like hunger in her eyes, 'unofficially.'*

*She was leaning over the table, and, although I hadn't noticed this before, her blouse was undone quite a long way. I could see her large breasts pushing together as her hands wrung each other nervously. I looked back up at her face.*

*'The thing is, you spend so much time here, and we do so much for you, cooking, cleaning, that sort of thing. We thought that, you might like to take it a little bit further.'*

*For some reason, I started to find this situation weirdly, erotic. The slow, calm way she was talking to me. The crackling emotion in the air. The way her breasts were about to spill out of her top...*

*'What do you mean?'* my pulse started to race.

*'What we mean,' said Mr. Richards, 'is that we are looking for someone to look after. To take in, and care for as if they were our own. In short, we'd like to adopt you.'*

---

Callum wants a simple life. He hates the responsibilities of the adult world and just wants to be looked after.

When the couple he is lodging with tell him that they are looking for someone to 'adopt', he eagerly accepts their request.

Unfortunately, he doesn't quite realise that their plans involve an M4 diaper, and lots of milky feeding. Soon, Callum might have an accident...

**This 3,800 word story contains strong ABDL themes including a grown man wearing a diaper and sleeping in a cot, milky feeding, and accidental public wetting. Reader discretion is advised.**
