Skipper Alex von Strada has a new ship and a new mission. His task is to clean up the infamous deep space station ISiS Karadon. ISiS Corps Director Belassa Torres is determined to defend the station's independence. Caught between them, manager Chokran Dayfield will find his sanity and even his life on the edge.

“I intend to put a stop to drug trafficking on Karadon and to bring all those responsible to justice. You have my assurance that I will do whatever it takes to achieve that objective. I would like you to keep that picture of Annabella Tokford laying dead in the street, Mr Dayfield. Put it on your desk. At any time when you are unclear as to my objectives and intentions here, just look at that picture.”

The Fourth Fleet Irregulars leap into their second operation with the enthusiasm of teenagers allowed to play with explosives.
