Reviews on Creative Furniture Volume 1:

"I've been using this eBook while furnishing my rooms in Minecraft and they come out so much better. We are quite limited at the moment when it comes to decorating but this guide really opened my mind to what is possible. There are great design suggestions for living rooms, bathrooms, kitchens and bedrooms and it gives you so much inspiration. I used to only have a few crafting benches, furnaces and the occasional painting in my rooms but now they are filled with chairs, tables, sofas, TVs and cool lighting solutions." - Vera K

"I bought this book and thought that all the furniture you could have are the ones that they provide you with in the inventory. After I read the book, I had so many more ideas! Thank you so much!" - Lydia Ozonoff

16 Extensive Furniture Ideas For Minecraft!

Over the months and months I've been playing this game I've built up quite the collection of furniture designs.

This eBook series is made from that collection.

In Volume 2 I have taken my Minecraft designing to a new level. You will see more advanced and larger

furniture designs.

All designs have variations that I've carefully put together for a nice blend of materials.

I have reviewed my system for making the step-by-step instructions to make them even more comprehensive and I've tried to make the pictures show just enough for the details to be visible while still retaining the ability to follow along.

I invite you to dive into this guide and explore your creativity!

Enjoy.
