The Guardian

Two worlds

Neither can exist without the other

And one guardian to ensure their survival

But a family with a score to settle

Forces one boy, into a dangerous adventure

Jake Summers is an ordinary boy with an ordinary family- so he thinks. He has just spent another summer holidays building dens in the woods with his best friend Paul. But when someone special unexpectedly dies, Jake is determined to find out the truth, unaware that it will change his life forever.

He discovers a key to Grandpa's forbidden room, and is plunged into a long-forgotten magical world, together with class mate Arianna Brown and a strange creature called Noggin. Stormy seas, underground carts pulled by Golden Eagles and a dragon all stand in his way. He must race against time to fulfil an ancient magical prophecy and save the world.
