What Remains of Me: A Novel Alison Gaylin

The *USA Today* bestselling author of the Brenna Spector series returns with her most ambitious book to date, a spellbinding novel of psychological suspense, set in the glamorous, wealthy world of Hollywood—a darkly imaginative and atmospheric tale of revenge and betrayal, presumed guilt and innocence lost, dirty secrets and family ties reminiscent of the bestsellers of Laura Lippman, Gillian Flynn, and Harlan Coben.

Nobody's perfect. Everybody's got a drawer somewhere with something hidden in it.

On June 28, 1980—the hottest night of the year—Kelly Michelle Lund shoots and kills Oscar-nominated director John McFadden at a party in his home. . . . And instantly becomes a media sensation, her chilling smile fodder for national nightmares. For years, speculation swirls over the enigmatic seventeen-year-old's motives, information she's refused to share. Convicted of the murder, she loses her youth and her freedom—but keeps her secrets to herself.

Thirty years later—and five years after her release from prison—the past has come back to haunt Kelly. Her father-in-law, movie legend Sterling Marshall, is found in a pool of blood in his home in the Hollywood Hills—dead from a shot to the head, just like his old friend John McFadden.

Once again, Kelly is suspected of the high profile murder. But this time, she's got some unexpected allies who believe she's innocent—of both killings—and want to help her clear her name. But is she?

Written with masterful precision and control, *What Remains of Me* brilliantly moves forward and back in time, playing out the murders side by side—interweaving subtle connections and peeling away layers of events to reveal the shocking truth.

From reader reviews:

Avery Thomas:

Do you have favorite book? For those who have, what is your favorite's book? E-book is very important thing for us to find out everything in the world. Each reserve has different aim as well as goal; it means that guide has different type. Some people truly feel enjoy to spend their time and energy to read a book. They can be reading whatever they consider because their hobby is definitely reading a book. Think about the person who don't like reading a book? Sometime, man or woman feel need book once they found difficult problem or even exercise. Well, probably you should have this What Remains of Me: A Novel.

Effie Morris:

What do you consider book? It is just for students because they're still students or it for all people in the world, the particular best subject for that? Merely you can be answered for that question above. Every person has different personality and hobby for each other. Don't to be pushed someone or something that they don't desire do that. You must know how great in addition to important the book What Remains of Me: A Novel. All type of book would you see on many resources. You can look for the internet solutions or other social media.

Brooks Davis:

Spent a free time to be fun activity to perform! A lot of people spent their free time with their family, or their particular friends. Usually they performing activity like watching television, planning to beach, or picnic inside park. They actually doing same task every week. Do you feel it? Do you need to something different to fill your free time/ holiday? May be reading a book is usually option to fill your free of charge time/ holiday. The first thing that you ask may be what kinds of publication that you should read. If you want to consider look for book, may be the guide untitled What Remains of Me: A Novel can be very good book to read. May be it can be best activity to you.

Adrienne Helms:

The reason? Because this What Remains of Me: A Novel is an unordinary book that the inside of the publication waiting for you to snap the idea but latter it will distress you with the secret it inside. Reading this book close to it was fantastic author who write the book in such wonderful way makes the content inside of easier to understand, entertaining technique but still convey the meaning completely. So , it is good for you for not hesitating having this ever again or you going to regret it. This phenomenal book will give you a lot of advantages than the other book get such as help improving your proficiency and your critical thinking approach. So , still want to delay having that book? If I had been you I will go to the guide store hurriedly.
