The aliens say they come in peace...

When the emissaries from the Galactic Federation arrive on Earth, humanity is astonished to learn of the populated universe outside Earth's atmosphere. A peaceful federation of a thousand alien races, united in peace and harmony, is just waiting for the human race to abandon its warlike impulses and join the Federation. A brave new destiny awaits the human race...

But there are odd points about the Federation, little pieces of evidence that suggest a far darker motive for visiting Earth. As an unlikely band of heroes struggles to form a resistance against the alien threat, Earth's fate hangs in the balance – and defeat may mean the end of everything.
