Sarah had just taken one of her first teaching jobs. It was out in a small town in the country, hardly like life she was accustomed to having lived in a big city for so long.

The days begin to blend together and get dreary until one day her car won't start.

Little does she know that her car trouble is a real blessing in disguise.

She calls up the only mechanic in town for help. At first she's taken aback by his tone and seeming lack of manners. But seeing him in the flesh she can't help but be attracted to him.

A typical alpha, strong, dominant and rugged, he can definitely get her juices flowing again.
