Did you just see a flash of lightning across the sky on a clear sunny day? It's not from Mother Nature. It is most likely from Mason Grand, swoon-worthy demigod, one of Zeus's descendants.

Skylar Rome is supposed to be having the best summer ever before she heads off to college. Little did she know, her whole life was about to change while visiting her cousin. Nearly drowning at the beach due to unknown forces, one of the Grand brothers she'd just met, Mason, saves her life. Cool, collected, mysterious, and dangerously good-looking, Skylar is drawn to him from the start. Though she knows he is the type of guy good girls stayed away from, it seems he is always saving her life, and the attraction was inevitable.

Upon meeting the brothers, strange things begin to happen. When she accidentally kills one of the brothers, it throws her life into turmoil, as they search to find the answers. Implausibly, she gets caught up in a world of the descendants of ancient gods, all who have super powers. Not only is her discovery difficult to accept, evil beings are after her. Running out of time and running for her life, she must unravel a mystery. What do they want from her? Forced into a battle set into motion long before she was born, will she find the answers, or will she die trying?
