[(Little House, Long Shadow: Laura Ingalls Wilder's Impact on American Culture)] [Author: Anita Clair Fellman] published on (June, 2008) Anita Clair Fellman

Beyond their status as classic children's stories, Laura Ingalls Wilder's ""Little House"" books play a significant role in American culture that most people cannot begin to appreciate. Millions of children have sampled the books in school; played out the roles of Laura and Mary; or visited Wilder homesites with their parents, who may be fans themselves. Yet, as Anita Clair Fellman shows, there is even more to this magical series with its clear emotional appeal: a covert political message that made many readers comfortable with the resurgence of conservatism in the Reagan years and beyond. In ""Little House, Long Shadow"", a leading Wilder scholar offers a fresh interpretation of the ""Little House"" books that examines how this beloved body of children's literature found its way into many facets of our culture and consciousness - even influencing the responsiveness of Americans to particular political views. Because both Wilder and her daughter, Rose Wilder Lane, opposed the New Deal programs being implemented during the period in which they wrote, their books reflect their use of family history as an argument against the state's protection of individuals from economic uncertainty. Their writing emphasized the isolation of the Ingalls family and the family's resilience in the face of crises and consistently equated self-sufficiency with family acceptance, security, and warmth. Fellman argues that the popularity of these books - abetted by Lane's overtly libertarian views - helped lay the groundwork for a negative response to big government and a positive view of political individualism, contributing to the acceptance of contemporary conservatism while perpetuating a mythic West. Beyond tracing the emergence of this influence in the relationship between Wilder and her daughter, Fellman explores the continuing presence of the books - and their message - in modern cultural institutions from classrooms to tourism, newspaper editorials to Internet message boards. ""Little
